GREENEVILLE
Tried to Pull Trees Over With Steam Roller—Mr. and Mrs. Charles J. McGarry Home from Wedding Tour—Other Notes.

The tree trimmers have taken two trees on Eleventh street to the dumps and Wednesday they tried to pull them over by the means of a steam roller, but met with little success. Nature had got too much of a grip on the roots and the steam roller was unable to budge the stumps. Even the spikes were placed in the wheels, in order to get a firm hold, on the ground, but they were of no use, the wheels spun around like a trolley wheel on a slippery rail. So the trimmers went back to the old way of removing the stumps.

It is reported that James Gorman has caught a fox.

William Hastings has returned home from Providence.

Fred Service of South Willington is visiting here with relatives.

Mr. Bennett of Boston was a business visitor here on Wednesday morning.

Mrs. Hector MacConnell of Ballouville is a guest of relatives on Boswell avenue.

Joseph Henderson took a party to the Stafford Springs fair Wednesday in his touring car.

Mr. and Mrs. C. J. McGarry have returned home after spending a delightful wedding tour.

Mr. Charles Levitsky of Prospect Park has gone to attend the Big A. O. U. W. meeting in Hartford.

Frank Gorkowski of Pratt street has accepted a new position in Stafford Springs, where he will become assistant manager of a large store.

Athletics in the Lead.
In the football league at the Greenville grammar school the Athletics have the lead, with the Hustlers second and the Pirates hanging onto the cellar position.

Stores May Close Earlier.
It is rumored around the village that all the grocery stores and meat markets will close Saturday night at 9 o'clock, giving the clerks a chance to go to the city before the stores close. No agreement has been made yet, but it is anticipated.

SPOKE AT WATERBURY.
K. of C. State Lecturer Made the Address at Columbus Day Celebration.

The Knights of Columbus of Waterbury commemorated Columbus day last Monday evening with a banquet in the Hotel Elton, given under the auspices of Bishop O'Reilly assembly of that city. The Waterbury Evening Democrat, in commenting upon the affair, said: "Amongst the speakers was Rev. William A. Keefe of Plainfield, prominently known as state lecturer, who had for his theme 'Our Ideals.' Father Keefe had earlier in the evening delivered an address on Christopher Columbus at a commemorative service held in Torrington under the auspices of O'Connell council."

John M. Lee of Norwich, who was master of the fourth degree ceremonies held in Waterbury last June, was in attendance, but owing to the time consumed by the speakers was able to make but a few remarks.

COUNTY HOME ANNUAL MEETING

Held in County Commissioners' Office—Need of New Buildings Emphasized in Mrs. Mitchell's Report—78 Children in Home on October 1st.—Is Four More Than a Year Ago.

Owing to illness among the children of the New London County Temporary Home a score of whom are in the Backus hospital, the annual meeting was held on Wednesday at the rooms of the county commissioners in the court house. In addition to the county commissioners, Rev. C. H. Ricketts, pastor of the Greenville Congregational church, and Mrs. Frank A. Mitchell, secretary of the committee of visitors, were present. The meeting was an interesting one and a number of perplexing problems were discussed. The entire board was present, including County Commissioners Charles H. Smith of Noank, A. H. Laphiere, Waterford, and Fred J. Brown of Lebanon, and Dr. J. H. Townsend of New Haven of the state board of health who is a member of the board of management of the county home.

Secretary's Report.
The gathering was called to order at 11:30 o'clock by county Commissioner C. H. Smith, who is president of the board, and Rev. C. H. Ricketts offered prayer. Mrs. Mitchell then read her report which follows:

To the Board of Management and the Committee of Visitors of the New London County Temporary Home: Ladies and Gentlemen: It is almost unnecessary to report to this meeting

expended upon them is practically brought up to the standards for such institutions. It is perfectly evident to any practical eye that the air space in the dormitories and in the play-room is entirely inadequate, and those who have faced a more serious epidemic of scarlet fever this past month now that there is no place to put one extra sleeper in the house. In case of a contagious disease, no keepers could come from outside, and return to their homes, and as there is no place where teachers could stay, the schools would be closed entirely, thus working a great hardship not only to the children but to the state, as the children would be thus longer on the support of the state or county. A year ago Dr. Townsend criticized the out-buildings of the Home, and the Board contemplated putting in modern toilet accommodations. A reliable civil engineer, one who had large experience in dealing with like conditions, was employed to suggest plans. After making thorough investigation of the conditions and discovering the obstacles, he reported that if there could be a new building, or buildings within a couple of years, he would recommend that the Home defer any such improvements, as the expense would be great and particularly as he believed the old methods, under the present careful attention were not dangerous to the health of the household. It might be well to add here that when Dr. Lewis, the local health officer was called to inspect the premises, when scarlet fever was discovered, he recommended all the conditions of the Home.

Medical Care of Children.
During the year a number of children have been to the Backus hospital for minor operations, adenoids and the like. Dr. Glidewell has tested them all for tuberculosis, and some dental work has been done. One girl always rather delicate, developed tuberculosis, and is in the state sanatorium near Tamesville. You will see by the report read later that there are fewer children in family homes than for some time past. Can you tell the reason why this is so? It is a matter which concerns the state most seriously.

Gifts Received.
Gifts have been received from the Baltic, Tataville and the Federated church in Greenville, and from a number of individuals. They have all been welcome and appreciated by the Board.

Statistics.
Figures submitted by Mrs. Mitchell were as follows:

In County Home Oct. 1st, 1913 ... 74
Boarded in Roman Catholic Asylums ... 21
Returned to Home ... 27

In County Home Oct. 1st, 1914 ... 78

Mrs. Mitchell also spoke of the good behavior of the children at the hospital who are causing the nurses and doctors little or no trouble. It was at first thought that it would be impossible to care for all the children at the hospital but this fear was soon dispelled by the order and quiet manner in which the patients conduct themselves. They have been taught to look upon the doctors and nurses as their friends and assistants.

Some Sant Regrets.
Miss Gibson was kept away from the meeting by the illness of the children. Mrs. Mitchell read regrets from several of the others who were unable to attend including A. L. Babcock, who is much interested in the welfare of the children at the home.

Reports from Children.
Encouraging reports were heard in regard to many of the children who have been placed in private homes. Their guardians in most cases are giving them the best of care and attention in regard to church attendance, schooling, etc., and it was reported that one boy was preparing to enter the N. Y. A.

Lancheon was announced at 1:15 at which time all adjourned to an adjoining room where a delicious menu was served by Mary.

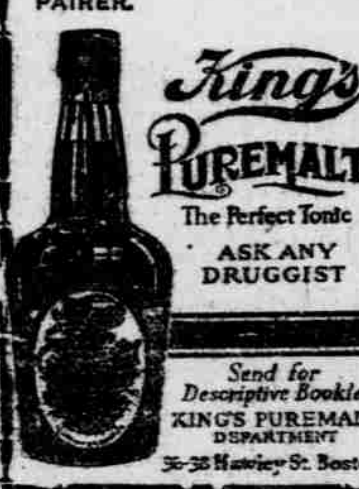

TATFVILLE
Meeting of Tatfville Soccer Football Club—Team Selected for Saturday's Game—Personalities and Notes.

The Tatfville soccer football club held its regular meeting at the club headquarters in the Backus hospital, with the regular officers of the club present. The routine business was transacted, with both the secretary's and treasurer's reports accepted. All the active players of the club filled in their applications for registration to play in the Connecticut state cup competition. After the meeting the committee on players met and selected the following team to represent them Saturday on the Providence street grounds against Sterling: Goal, H. Pinkney; full-backs, E. Sutton (capt.), F. DeJardien; half-backs, W. White, F. Greenhalgh, E. Knowles; forwards, R. Loring, A. Finlayson, W. Wilson, J. Blanchette and J. Greenhalgh, with the following to be on the reserve list: B. Pilling and W. Mathers.

The tie for first place in the league seems to have been between the local team and Plainfield, and in order to retain their position the local team must take this game. Last week the two teams met, and it was a very exciting game for the boys, but in the final half Sterling showed a great burst of speed which would have been dangerous if displayed in the earlier part of the game. The kickoff Saturday will be at the usual time, and before the game

Personals.
Charles Couture is enjoying his vacation.

Saul Breault has returned home after visiting in Boston.

Robert Brierly has gone to Providence for the rest of this week.

Dr. George Thompson, after two days in Boston, has returned home.

Braves Showed Class.
Baseball seems yet to be the tonic of the village, especially in small groups, where one person appears to be the spokesman, each waiting to get a word in. The fans who attended the game at the Backus hospital, the Braves have a great combination and simply outclass the Athletics in all departments. They were a much livelier bunch on the bases, field and coaching lines.

Window Installed.
The Providence street side of George Weiler's store had been done away with and a large plate glass window installed. The outside frames have been painted green.

Local Hunters.
The local hunters are enjoying these ideal days for that sport, and every day some indulged in the sport. William Baldwin, Charles Burdick and Ernest Manning got 11 gray squirrels recently. Thomas Greenwood and William O'Brien returned Tuesday night with four rabbits.

Held a Meeting.
The regular meeting of the Tatfville Athletic club was held Tuesday evening with President Terrance Hanlon in the chair. The attendance was fair and the reports of the secretary and treasurer, and committees met with approval.

Smelled Smoke.
Many residents noticed Tuesday night that lots of smoke was in the air and think that it was caused by the forest fires that are raging in the vicinity of Plainfield and other places. The wind was blowing from that direction and made it quite probable.

Four Laid Off.
It was reported new four girls were laid off at the J. B. Martin company plant Tuesday night.

In 1912 Germany produced a mineral output valued at \$592,250,000.
